Available Times

Tuesday, April 17th at 10am

Tuesday, April 17th at 1pm

Tuesday, April 17th at 3:30pm

Wednesday, April 18th at 10am

Appointments will be available
on a first-come first-serve basis.

The Sessions

Lessons are scheduled for a two hour block, though some requests may require multiple appointments. You tell me what you want to learn or I can make suggestions and recommendations by evaluation.

Location

Private lessons take place in your home for your convenience. This way we can work with your equipment, rather than doing hypothetical learning. If this is not possible, you can arrange another location. Most public libraries offer a meeting room at little or no cost for "tutoring". Coffee houses also may work. (*Locations more than 30 minutes from Salem may incur additional fees and scheduling alternatives.*)

Fees & Payment

The two hour session is \$120. Payment is due at or before the lesson. Checks, cash, credit cards and Paypal are accepted.

To Schedule:

David's books will be available as well.

Start Here First: Understanding Depth of Field in Digital Photography

Depth of Field is one of the most important foundations in photography. In the tradition of all my books, you will learn everything you need to know about depth of field. From the basics of what depth of field is to how you control it to the all-mysterious hyperfocal distance, you will be lead through an easy to read, easy to understand explanation of this wonderful part of photography. Whether you're a beginner just getting started or a pro needing a review, this is the definitive book on depth of field that everyone must read!

Latest Update: September 15th, 2016. 80 pages, Lay-flat spiral bound.

Price ~~\$39.95~~ **Special Club Price \$30**

Start Here First: Lightroom CC/6 - The Library & Develop

Packed with nearly everything about the Library and Develop modules, this book follows the simple and straight-forward approach of my other popular books. In just 280 pages, I've presented Lightroom in a way that allows any user to learn quickly and easily. This book can be used as a guided learning tool or a once-in-while reference text. The book is divided into two parts, one for the Library and one for the Develop. The Library part contains section reviews and 8 quizzes. As with all my books, this is also the course text book for any Lightroom classes and workshops you may have taken or will take. Keyboard shortcut lists are included. Works for versions 4, 5, 6 & CC2016.

2nd Edition - Latest Update: November, 2016. 280 pages, Lay-flat spiral bound

Price ~~\$44.95~~ **Special Club Price \$35**

About David

David Vanderlip is a full-time professional photography trainer, teacher, author and speaker. He has worked exclusively in the photography industry his entire career. With over 35 years of experience, from being a professional photographer to managing camera stores and photo labs to owning digital imaging service bureaus to teaching and training thousands of photographers, David lives and breathes the world of photography. Located in Ashland, Oregon, David owns and operates his highly regarded photography training business.
